LA Guestlist Says:

The Mosaic Hotel has finished its multi-million dollar renovation just in time for summer. The 49-room property is located in the heart of Beverly Hills, with an intimate Mediterranean setting. Luxlo, a luxury London-based design firm, designed the new property with the injection of bright colors and original design elements to create a chic modern look. Tim King, Luxlo's principal designer adds, "Our goal with the redesign was to fuse a European sensibility with a modern American style, which pays homage to

our iconic host community.”

With state-of-the-art latest technology, guests can feel at home with connectivity options that can be personalized to their own devices. The rooms come stocked with all today’s luxury-boutique must-haves including recessed lighting, sound absorbing headboards, electric “do not disturb” signs and Nespresso machines. The refreshed pool area reminds us of a Greek Oasis with sleek white furniture, cabanas and cozy fire pit delivers an inspiring setting to swim and unwind. The hotel itself is managed by Gemstone Hotels & Resorts and has prime access to Los Angeles’ premier shopping and dining.

The Mosaic Hotel is located on 125 S Spalding Dr., Beverly Hills, CA 90212 and will open at the beginning of August. Book your room now with a 35% discount [HERE](#).
